

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XX.

STANFORD, KY., TUESDAY, APRIL 5, 1892.

NO. 11

LONDON, LAUREL COUNTY.

—Mr. Ray Province received a very unpleasant April fool. It wasn't a boy.

—The wife of Jake Geiser, hotel keeper at Colony Bernstadt, died Saturday night.

—John T. Hatcher, the tonsorialist, has been made town marshal of London.

—Butcher Charles Gumbart, to use his own language, has "off his whiskers shaved."

—John H. Carrier has been around this week taking the list of town property and is now almost through.

—I don't see how I failed to mention that A. L. Reid was granted license to practice law at the late term of the common pleas court.

—It was such a nice day Sunday all of the young folks and lots of the old ones were out enjoying the beauties of the scenery and among the evergreens.

—Fred Zerker, a Swiss, was struck by the train Thursday night, near the residence of A. L. Reid and will probably die. He was drunk and went to sleep on the track.

—A brakeman on a freight train had his right thumb mashed so badly while coupling cars Sunday, at Pittsburg, that he was brought here to Drs. Caldwell and Pennington, who amputated it just above the lower joint.

—Matt K. Pennington is here visiting his brother, Dr. Pennington. Miss Nellie Pitman is on a visit to Manchester. To use a stereotyped local of the Mt. Vernon Signal, "Col. George W. Baker was in Mt. Vernon Sunday."

—J. T. Brown, Dr. R. T. Ramsey and Fred Brown are at the pool near Mr. J. T. Brown's Cane Creek farm on a fishing excursion. Dr. Ramsey sent home a 22 pound gobbler Friday evening and a sack full of fish. Col. Alex. Bolton, of Sublimity, was in London last Thursday.

—Mr. James Frances, father of Alex. Frances, so well known here, was in London Friday on his return from Woodbine. Mr. Frances had been out hunting a horse that had been stolen from him. Alex had met the thief in the road and captured him with the horse when Mr. Frances got there.

—Henry Barker, a colored plasterer, was arrested here Saturday charged with burglary at Manchester and taken there by Deputy Sheriff Theo. Moran Sunday. He left that place the morning after a citizen's store had been broken open and suspicion fell upon him. He denied his guilt and refused to eat a bite during the 24 hours he was in Jailor Lovell's custody.

—Senator Edward Parker has introduced a bill in the Legislature to repeal the act allowing the Swiss colonists in Laurel to sell their native wine. This is the main source of revenue for a large number of Swiss settlers who live on the poorest land in the county and it would work a great hardship on them. They are nearly all democrats.

—Printer A. W. Huggins, who is now working on Brother Sampson's paper at Barbourville, was here Saturday and informs me that he will start a democratic paper for the 11th congressional district at this place in about four weeks. He says he has the assurance of a subscription list of at least 2,000 to begin with. I am for a democratic paper anywhere and everywhere, but I am very much afraid it won't pay in a one paper town like London.

WARNING.—The people of Stanford are congratulating themselves on the prospect of having street cars at an early day. If our neighbors will take the advice of the people of Richmond they will leave them entirely alone. They are not needed in cities of less than 12,000 or 15,000 population. In Richmond, where the population is more than double that of Stanford, they are a most fearful nuisance, and there have been repeated threats to tear up the track. On Main street they obstruct traffic and make riding in buggies or carriages an abomination without any compensating advantages. They are supposed to run to depots for the benefit of travelers, but if a fellow depends on them to meet a train he will get left four times out of five. Neighbors of Stanford, if you are contemplating street cars, listen to us: Don't.—Richmond Register.

We believe you are right as a general thing. But with us the matter is different. Our line is to connect two towns, one of which is a big feeder of the other.

Pedagogue.—How many quarts make a peck, Johnny?

That depends. One quart can make a peck of trouble, if it's a quart of whisky, while it takes thousands of quarts of quartz to make a peck of gold.

—The steamer Golden Rule burned to the water's edge at Cincinnati just as she was leaving for New Orleans. Miss Mollie Maloney and several deck hands lost their lives. The upper works of the wharboar were burned and the steamer Fleetwood caught fire. The Golden Rule was valued at \$20,000 to \$25,000, and the cargo at \$50,000. The wharboar loss will also be heavy.

LANCASTER, GARRARD COUNTY.

—The store-rooms of T. Curry and Ballou & Gaines are receiving fresh coats of paint.

—Sam Royston, of color, was fined \$50 before Judge Hemphill for selling whisky to George McCauley. McCauley was fined \$5 for being drunk and disorderly.

—Dr. Tom Hood has joined the recently organized brass band. Now look out. If Doc makes as great a success in the band as he does at dentistry he will leave the other boys in the shade. By the way, the band is progressing finely, despite the predictions of numerous "croakers" that it would fall through.

—The ladies of the W. G. T. U. have established at the store of Ballou & Gaines a "woman's exchange," that is they will, on every Saturday afternoon, have for sale, pies, cakes, salads, sandwiches, &c., or anything "extra" one would wish for Sunday. They met with good success last Saturday. The proceeds will be used for the benefit of the Union.

—Deputy-Sheriff James Bettis died Sunday morning at 2 o'clock of consumption. He leaves a wife and four small children to mourn his loss. The funeral services will take place today at 2 o'clock, conducted by Rev. J. R. Tercy, after which the remains will be interred in the Lancaster cemetery. He was a member of the Knights of Pythias and the local lodge will attend the funeral in a body.

—Miss Frazee, of Maysville, who has been the guest of Miss Maggie Jennings, returned home this morning. Misses Bessie Marksberry and Della Hughes spent Sunday with Miss Fannie Swope at Hubble. Mrs. W. J. Landrum is visiting her daughter, Mrs. W. G. Dunlap, at Camp Nelson. Mrs. W. J. Clemerson is in Louisville this week. Mr. Tom Boyd, who was telegraph operator here for a long time, has been appointed chief train dispatcher on the R. N. I. & B. road. John Banghman and Will Woodcock, of Danville, were here Sunday. Clyde Herring, of Louisville, has been here for several days. Mr. and Mrs. Joe Carr have moved to the new house of Capt. Dillon, on York street. Mr. J. R. Marrs and family have moved to Danville.

—It is claimed that Paris is the whistling town in the State. This may or may not be true. Whistling as a general rule is a nuisance that is not confined to any one locality. The whistlers are on every street corner. There are whistlers to right of you, whistlers to left of you, whistlers in front of you and whistlers in the rear of you. This is intolerable, but the worst of it is the quality of the music they inflict upon the public. They usually confine their performances to melodies that are the product of some sap-headed musician, who scarcely knows one note from another and that have been worn threadbare by constant repetition. Another bad feature is the infliction of the nuisance upon people at all hours of the day and night. If their exercises could be limited to some special hours so that the public might be warned and have time to get out of the way, the evil would to some extent be lessened. As it is, however, all that can be done is to grin and bear it, as there seems to be no lawful way in which it can be suppressed.

—The time will soon arrive when the candidates from judge and Commonwealth's attorney down to constable will be prancing around soliciting the votes of the sovereigns at the ensuing November election. In comparison with some of the contests that will be waged over the position of justice of the peace, the struggle for Congress and the presidency will dwindle into insignificance. Every candidate will be expected to mount the stump and tell all he knows favorable to himself and unfavorable to his opponent. He will be required to give his views upon the affairs of the nation as well as those of his neighborhood. As the question of national politics enters largely into the duties of a circuit judge, candidates for that office will be expected to ventilate their views upon the tariff, the silver bill and reciprocity. This is reasonable and right, for how could a judge be expected to dispense justice or enforce the laws unless he is well posted in all questions of public policy? Party lines will no doubt be strictly drawn, especially in the election of constable, for no one occupying that dignified position could serve a warrant for \$2.50 who could not be able to show that there should be no tariff on pumpkins and "Jimson" weeds. It is a dangerous time for candidates for high positions, for the friends of those running for magistracy in their anxiety for success would not hesitate to swap off a candidate for judge, Congress, or even the presidency, if they should deem it essential to the achievement of a victory. So, get ready for the fray, and whether there are any crops raised or not, let the election go on and the people who do the paying make the most of it.

—Capt. Pink Varble, a noted steamboat man, died in Louisville, of paralysis.

CRAB ORCHARD.

—Mr. Joe Melvin will on April 9th sell his house and lot and household furniture in Crab Orchard.

—Rev. Amos Stout was called to his home in Lancaster by a telegram to preach the funeral of Mr. Bettis, who died there Sunday.

—Mrs. Laura Moore spent several days in Danville. Since her arrival home she has been busy waiting on her son, Pennington, who has been quite sick.

—The hop at Mr. Slaughter's was, as usual, very much enjoyed. We noticed a number of young Lancaster people over. There will not be another hop till Friday night week.

—Mr. Tom Napier lost a valuable horse the latter part of the week. He had driven it to Maywood and it seemed entirely well, but immediately on taking it out of the cart on his return it laid down and died.

—Mr. Spitzer, of Russia, bought the farm of Mr. Fred Kruger, at Ottenheim, the price paid being \$1,000. Mr. Kruger will move to Mt. Vernon, where he has a lime kiln, from which he expects to supply this section of country.

—Mr. John Melvin has moved his family from Owensboro and they will occupy the Blair house near the depot. Misses Jean and Maggie Buchanan went to Louisville Thursday. Miss Jean will accompany her sister, Mrs. J. A. Haldeman, to Florida, and Miss Maggie will have charge of Mrs. Haldeman's house while she is gone.

—The basket supper that was to have been given by the ladies of the Christian church last week was postponed on account of a failure to get the baskets, but the supper will be given on Thursday night, April 7th. Every one is cordially invited to attend, and they would be glad to have some of the members from Stanford attend, as they desire to make as much as possible, feeling that something has to be done to sustain the church at this place.

—Mr. Green Lindsay died on Friday night at the home of his mother, near town, of consumption. Mr. and Mrs. Sam Cochran were called on to give up their only child, which died Wednesday. They have been extremely unfortunate in having to give up their children, this making the third one to die in about two years. We hope they may be able to realize that God does all things for the best and although it is hard to give them up, they are at rest, while we still have to battle with life's cares and troubles.

MATRIMONIAL MATTERS.

—Mr. T. M. Farnsworth, of Harrodsburg, and Miss Annie Montague, of Lexington, are to be married on the 21st.

—Mr. J. Frank Meese and Miss Clara B. Brown were married at the residence of the bride's father, Nelson S. Brown, Sunday afternoon. This is the third marriage of the groom, his second wife having died about four weeks ago. His bride is just 18, and he is 36.—Somerset Republican. This was a mighty good chance for the boys to get in a charivari, which they seem to have neglected.

—The Lexington Press is authority for the announcement that Mr. Richard Norwood, of the wholesale grocery firm of Curry, Tunis & Norwood, of that city, and Miss Nanette Campbell, the attractive and accomplished daughter of Mr. F. J. Campbell, proprietor of Rock Castle Springs, will be married at that popular resort April 12. The Press takes occasion to pay both of the young people very high compliments and of Mr. Norwood says: From a standpoint of financial eligibility there are few better catches in the city. Besides this substantial recommendation, Mr. Norwood is a young man who has many noble qualities, has the finest sense of honor and possesses those innate elements that will ever make their owner personally popular.

—A dispatch says that the burial of Mrs. Jonathan T. Estill, who died in the Lexington asylum, took place in the Richmond cemetery. She lost her mind when George O. Barnes visited here and had never been restored. Mrs. Estill is the mother of Mrs. Lew Francis, whose husband, a believer in Schweinfurth, was buried the day before. This is two deaths of Schweinfurth's followers within the last four days. Mrs. Francis, who is a monomaniac on the subject of Schweinfurth, was puzzled as to what to do with her husband's body and telegraphed to the "Christ Triumphant" at Rockford, asking what she should do with it, and he answered, "put it in the ground for the present." It is believed that Mrs. Francis will go soon to Rockford, where she will reside permanently with "God," or as long as her funds last.

—Joseph Lytle, an old man and a member of the G. A. R., was taken from his cell at Findley, O., for murderously assaulting his divorced wife and two daughters with a hatchet, and hanged to a bridge. Just as he was shoved off, somebody shot and the ball cutting the rope, the old man fell to the ground, but he was quickly seized and given a second chance to die.

HUSTONVILLE.

—For Sale—Pair nice brown mare mules, good matches, broke and ready for use. S. H. Ront.

—C. L. Crow, of McKinney, sold to Kinnard, of Paint Lick, his four-year-old trotter by Sour Mash, for \$400.

—Hustonville possesses one of the two three-story buildings in Lincoln county. It is the Christian College building and besides being the most lofty is one of the finest in the county.

—The remains of Mr. William Shipman were interred in the cemetery here Friday. The deceased died in Boston last week of Bright's disease and was in his 67th year. He was the father of Mr. F. L. Shipman, well known here.

—Mr. L. F. Steele, who recently failed, is trying to effect a compromise with his city creditors. He has made an offer to settle by paying them 40 cents on the dollar. If he succeeds in doing so he will likely engage in the mercantile business here again.

—Rev. Charlie Powell preached a splendid sermon at the Christian Church Sunday. He will likely be called to assist Rev. W. L. Williams during the present year, that gentleman's ill health having made it impossible for him to fill his pulpit on every Lord's day.

—C. B. Reid is here bidding his friends farewell prior to launching into the training business. He has connected himself with the Bashford-Mauor stables, of Louisville, and will "make" the various race courses during the present season. His stable contains Korke, Cantatrice, Ignite, Gascon and many other good ones.

—Christian College is enjoying the most successful session of its existence. By his untiring energy Prof. M. G. Thomson has built the school up to a point where success is a certainty and that he has gained the confidence of the people of this county is evinced in the fact that he has over 100 pupils—30 of them being boarders.

—Saturday was the regular horse show day, but owing to the inclemency of the weather only a small number were exhibited. The crowd in attendance was also small and it was deemed best to declare the "show" off and set another day. Next Saturday was the day decided upon and if the day is anything like fair, some good ones may be expected.

—Judge H. C. Camnitz and his estimable wife have given up the management of the Vendome Hotel and will in a few days start into the quiet life of house-keeping. They have made the Vendome a veritable haven for the weary traveler and will be sadly missed by the commercial tourist and others who have sought refuge under their hospitable shelter. They will be succeeded by Messrs. Jonathan Russell & Co., formerly of the Gore House, Junction City.

—Jim Allen and Jim Goode have returned from an unsuccessful fishing trip to Casey county. "The weather it rained, the wind it blew and the blamed fish wouldn't bite a bit." Mr. and Mrs. Jake Rose, of Junction City, spent Sunday with Mr. J. T. Rose and family. Mr. Ad Taylor, of Owensboro, was here Sunday to see a lovely young lady, who spends the better portion of her time at Christian College. Mrs. E. C. Walton has returned home after a week's visit to her old home. Dr. W. S. Drye continues at the point of death. Mrs. America Bailey is improving. Miss Mary Lusk, of Daughters College, Harrodsburg, is visiting her mother, Mrs. Alice Lusk.

—The Raleigh, the first vessel of the new navy to be built completely by the government, was launched at Norfolk, Friday. The Raleigh has a length of 300 feet on the load water line, and in extreme breadth is 42 feet. At her mean normal draught of 18 feet of sea water, her displacement is about 3,180 tons, the maximum draught being about 19 feet. She will have two sets of engines, and with twin screws, it is estimated that her engines will develop 10,000 horsepower with a steam pressure of 160 pounds. This will drive the ship at 20 knots. Her coal supply at normal draught will be 400 tons; the bunkers will hold 675 tons, and with this supply she can steam 1,500 miles at full power, or 10,300 at 10 knots, her most economical speed. The main armament consists of one six-inch breech-loading rifle, ten five-inch rapid-firing guns, eight six-pounder rapid-firing guns mounted, four one-pounders mounted, two galleons mounted in the tops. The ship will be lighted by electricity. It is estimated that her cost complete, including armament and equipment, will be \$1,642,915. The actual weight of the ship when launched was 114 tons.

—Harrodsburg, failing to profit by Stanford's experience, is about to build a creamery and cheese factory. All the stock of \$10,000 has been taken and the milk from 500 cows and 100 goats is guaranteed, this number to be increased as the demand grows.

—Deputy Collector C. M. Randall and posse captured four moonshiners, destroyed 15,000 gallons of beer in Harlan county and destroyed several stills.

THIS PAPER IS AN 8-PAGE ON FRIDAYS.

MR. CLEVELAND is taking a hand in the Rhode Island campaign with telling effect. He spoke Saturday at Providence to a vast audience and was most enthusiastically received. His speech was principally devoted to the tariff and these excerpts from it are but a sample of the splendid whole: "If hypocrisy is the homage vice pays to virtue, reciprocity may be called the homage prohibitory protection pays the genuine tariff reform." "Our opponents must, in the coming national canvass, settle accounts with us on the issue of tariff reform. It will not do for them to say to us this is an old and determined contention. The ten commandments are thousands of years old, but they and the doctrine of tariff reform will be taught and preached until mankind and the republican party shall heed the injunction: 'Thou shalt not steal.'" The democrats of Little Rhody are in high feather and claim that she will be redeemed next Thursday, but the odds are heavy against them.

It cost \$2,186.56 to bury Congressman Kendall. "Commissaries and miscellaneous items" foot up \$218.91, which of course means for champagne and other high-priced drinks. The man who furnished the carriage and hearse from Morehead to West Liberty got \$614, enough to buy the whole outfit. The undertaker comes in for \$652, about six times as much as he earned. Those funeral junkies sent out by Congress prove a shame and a disgrace. It costs much more to bury the average Congressman than he is worth. Reform is badly needed. Let the wine-bibbing officials be dispensed with.

THE Rhode Island republicans refused to pit McKinley against Campbell when challenged to do so, but proposed to have a joint discussion by McKinley and Reed against Cleveland and Campbell, on a night that Mr. Cleveland was billed to speak elsewhere, knowing full well that the appointment would not be cancelled. It was a square back down under the state of case. McKinley doesn't want to meet Campbell. He has had that honor before with disastrous results.

THE Jessamine Journal says that a number of democrats of that vicinity have declared themselves for Hill and have signed a petition to the Louisville Times requesting that paper to stop its opposition to him. That settles it. The Times will hoist the Hill flag now. It usually submits to dictation and accepts as correct the opinions of any little cross-roads set as more worthy of consideration than its own, which are made after a most thorough study of the situation.

HONORS seem to have been evenly divided between Bradley and Denny in the selection of State electors. W. G. Dunlap, a brother-in-law of the latter, and W. A. Morrow, nephew of the former, are the young roosters chosen to crow for the party-at-large. When they attempt to spread themselves over this great State, it is feared that they will be drawn somewhat thin in places, though they are pretty sharp youngsters.

THE Louisville Times says of one of the cleverest republicans in the United States: It is a good thing for us democrats that there are not more John Yerkes republicans in the State. There is something almost irresistibly winning about the manly courage, tempered with gentlemanly deference and marked always by the liberality of a broad mind, with which he presents the republican side of a case.

THE Minnesota democratic convention was red-hot for Cleveland, and instructed its delegates to vote and work for him as long as there is any reasonable hope for his nomination. They all do it but New York and she would have done herself more credit had she stood by her only really great statesman, instead of allowing Tammany, which is nearly always wrong, to have its way.

COL. SAM M. BURDETT writes an interesting letter about the Iowa political situation to the Courier-Journal, in which he shows that the State is very strong for Cleveland, who would carry it if nominated. If the democrats nominate Cleveland and Boies the consensus of opinion is that Iowa will be made certain and permanently democratic.

THE editor of the Blue Grass Blade was fined \$100 and given 60 days in jail for libeling Rev. J. S. Sweeney and the Paris Christian church and he is now serving his term. Considering the gravity of the charges he seems to have gotten off quite lightly. The newspapers, without exception, so far as we have seen, condemn Moore's course and think his punishment deserved.

THE Columbia Spectator asks "Why not Carlisle and Flower?" Because the people have declared that Grover Cleveland must head the ticket in this good year of our Lord, 1892.

E. P. SMITH, a leading Tammanyite, writes to a gentleman in Louisville that he believes that a great majority of the democrats of New York are for Cleveland, but they sat still and allowed Hill to secure the machinery. Says he: "Our delegates will vote for Hill on the first ballot, but will find the Cleveland sentiment so strong that they will quickly change and on a second ballot go to Cleveland. Hill did much for the party in this State, and we all feel grateful to him, but he made a mistake in his method of seeking the nomination, and, in my opinion, is 'not in it.'" This seems to be the beginning of the prophecy of Judge Durham, to which reference was made in our last. May it be fulfilled. The Hill boom seems to be already dead, or fast becoming defunct.

THE Newport Journal opposes the early polls closing because it would shut out a large number of its citizens, who work in Cincinnati, from voting, unless they lose the time themselves. This is bad, we admit, but it is not worse than for the employer to be mulcted four hours' time for every man he has in his service to enable him to vote. A half day off for your men will not be as great a hardship as the Kentucky employer suffers under the proposed law. In this office alone we would lose about three days, if the men were to claim it on election day. Let the polls be closed at 4 o'clock and your Newport men will find a way to vote, if they want to.

SENATOR BLACKBURN says it would be suicidal to nominate either Cleveland or Hill, especially Cleveland, no doubt. The Senator dislikes the ex-president so much that he would feel like committing felo de se if he were nominated and elected, for his school of politicians would be left away out in the cold.

WE heartily endorse the suggestion that Gen. John B. Castleman be made one of the delegates-at-large to the National Convention. He has done a great deal of hard and telling work for the democratic party, which would honor itself by sending so worthy, tried and true a man to represent it.

THE Ohio Legislature is about to gerrymander the congressional districts so as to give the democrats only six out of 21. A message from President Harrison inveighing on the meanness of the gerrymander is in order, but it will not be forthcoming. It makes a difference, always, whose ox is gored.

THEY are getting out of the way of the "bullgine." Senator Cullum says he is satisfied that the people want Harrison and he therefore withdraws from the contest. This is rather a useless proceeding. The Senator never was in the fight, except in his eye.

BRO. DENHAM, of the Williamsburg News, speaks of Editor Dyeche, of the London Echo, as "the most harmless and unsophisticated republican ever produced in all the Sunny South." This is the most unkindest cut of all.

THE Vermont maple sugar makers will get \$100,000 bounty on this year's crop, money wrung from the other people of the country for no excuse whatever, except that might be right with the billion-dollar Congress.

THE GENERAL ASSEMBLY.

A bill has been introduced to have all the hangings in the penitentiary, as in Ohio.

Juries cost the Commonwealth of Kentucky last year the magnificent sum of \$283,788.

Afternoon sessions have been abolished on the alleged ground that it interfered with committee work and retarded progress.

Mr. Edmiston's bill allowing sheriffs compensation for conveying witnesses under arrest from one county to another passed the House.

The McCain tobacco bill is now ready for the governor's signature. It reduces warehouse charges and is supposed to be in the interest of raisers generally.

The Senate, in obedience to a very narrow prejudice, passed the separate car bill, 18 to 10. A separate car for the ill-bred, drunken white men is much more needed.

The Senate adopted an amendment to the bill providing that elections on local option shall only be ordered on petition of a third of the voters of the town, county or precinct.

Dr. Woods offered a resolution calling upon the auditor for information as to the amount of incidental expenses in the various State offices and the authority for such expenditures, which was adopted.

It will be bad if the bill introduced in the Legislature, disqualifying a juror from serving in the circuit court more than once in two years, becomes a law. The professional jurors and hangers-on won't have any show at all.

A bill to amend the statutes so as to make the firing of deadly weapons at random, or the selling of such weapon to a minor, punishable in the same degree as carrying concealed weapons, that is \$25 to \$100 fine and 10 to 30 days in jail, is before the House.

The bill allowing persons going to and from church, school, funeral processions and ministers to pass toll-gates free of charge, passed the House on an amendment making it operative on Sunday as to persons going to and from church.

NEWSY NOTES.

The total indebtedness of the city of Cincinnati at the first of the present year was \$24,528,000.

Dennis McCarthy has been sentenced to death at Louisville, May 13, for the murder of his wife.

Walter Cook, colored, was hung at Fairburn, Ga., Friday, for murder, in the presence of 10,000 persons.

N. S. Householder, a Daviess county tobacco grower, had \$1,500 burned up in his trunk on the Golden Rule.

Gov. Campbell has challenged Gov. McKinley to debate with him in Rhode Island and he will probably accept.

The Kentucky Republican Convention only "recommended" its delegates to vote for Harrison and did not instruct as stated.

The Sterling Dynamite Works blew up at Bessemer, Ala., killing four men. Nearly all the windows of the town were shattered.

Mrs. Elizabeth Flourney, sister of Senator Blackburn, died at Greenville, Miss., aged 70, and was brought to Frankfort for burial.

Here is another case: Miss Emma Fox, of Altoona, Pa., shot and killed herself because her love for Miss Birdie Boate was not returned. The young woman was of good parentage.

Capt. J. A. Jackson, of Mayslick, writes the Maysville Bulletin that on the forenoon of May 18, 1891, he planted corn, and in the afternoon rode into Mayslick in a two-horse sleigh.

Kentucky raises by local taxation and subscriptions, in addition to the State fund, about \$740,000 a year for the support of its schools, or about \$1.08 for every pupil, white and colored, in the State.

The New Orleans steamer Main was burned at sea, and it is feared that the 40 passengers and seamen aboard perished. Her cargo was valued at \$235,000, chiefly consignments from New Orleans merchants.

Two lynchings occurred in Ohio last week, the last at Millersburg, where an unknown negro was lynched merely because his presence was offensive. No negro has ever suffered such a penalty for so slight a cause in the South.

A seven-story building at Chicago, the home of laborers, was blown down by a severe storm Friday. Three persons were killed, five are known to be in the ruins and eight more were fatally injured. Others were more or less hurt. The damage will reach hundreds of thousands.

There were two fires in New Orleans Sunday, one in the cotton district, destroying four compresses and 80,000 bales of cotton, and the other in the residence portion of the city, burning over four squares and destroying all the houses on them except four. Three firemen were injured by a falling wall. The loss is nearly three millions.

A fearful tornado swept Kansas Thursday night, killing 50 or more persons and wounding hundreds of others. The town of Towanda, of 1,300 inhabitants, was literally wiped from the face of the earth, 27 persons being killed and 40 or more wounded. Several were killed at Augusta, seven at Wellington and great damage was done at Atchison, Leavenworth, Lawrence, St. Joseph and Kansas City, Mo., suffered heavily. Texas and Nebraska also suffered terribly. The loss all told reaches many millions.

DANVILLE.

All the old board of councilmen were re-elected last Saturday.

Senator Breckinridge returned to Frankfort Monday after a brief visit to his family.

Clarence Burnside and Sonny Fields "cut up" on the streets Sunday and were sent to the work-house two days each, Monday morning.

Martin D. Hardin, a son of Hon. P. W. Hardin, of Frankfort, and a Centre College student, won the prize at the Georgetown oratorical contest last week.

"Woman's Will" was presented at the Opera House, Saturday night, by an amateur company from Lexington. The performers were good looking people, who played their roles very well, but the play was rather inclined to be weak than otherwise.

While Mr. J. J. Rust, who keeps the first toll gate at this end of the Perryville pike, was riding a horse and leading another last Saturday morning, the one he was leading fell down and jerked the second and third fingers off of his right hand. Dr. Dunlap rendered the necessary attention.

The board of trustees of Centre College met Mar. 29. President Young made a statement regarding the condition and prospects of the institution, showing that in respect to the number of students, condition of finances, &c., the College was never more prosperous and never had a more encouraging outlook for the future. The report of the treasurer showed that the income of the College had doubled in the last four years. In further enlargement of the work of the institution it was determined to erect at once a new building for the Scientific Department. Funds were set apart for this purpose and a building committee was appointed to superintend the erection of the edifice, which is to have the most approved equipments and apparatus. The plans have virtually been selected and the work will begin immediately. The foundation will probably be well on the way by commencement.

THE + LOUISVILLE + STORE

Main Street, Stanford.

M. MANES, Manager.

Hattie Blevins, a mulatto cyprian, who has been frequently before the police court, was again there Friday last. She had gone to the rear of Joe Goin's barber shop, on 23 street and called Joe a blank yellow son of a blankety blank and broken several panes of glass with her own hair fist. The glass cut her hand and arm severely and she soon came marching along Main street in search of a doctor. After receiving surgical aid she returned to Uncle Joseph's and raised more shed. The police locked her up and when she was brought in to court next morning she was very penitent, acknowledged all she was charged with and begged to be let off lightly. She got \$30 and the costs with the understanding that no capias would be issued until Monday and in the mean time she would have an opportunity to make herself scarce. Up to Monday noon she had not been seen by the officers.

TO THE FARMERS.

I am agent for The Central Kentucky Hedge Fence Co., of Lancaster, and offer the services of both myself and the Company to the citizens of Lincoln county. I am very thankful for the liberal patronage received and hope by fair dealing to merit a continuance. Farmers in need of a good fence will find me at the Myers House in Stanford on each County Court day.

Lincoln Circuit Court.

E. W. DILLION AND MARY C. DILLION,

Ex Parte.

The petitioners have this day filed their petition in the Clerk's office of said court, asking that said Mary C. Dillon be empowered to use, enjoy, sell and convey for her own benefit any property she may own or acquire, free from the debts or claims of her husband, to make contracts, sue and be sued as a single woman, trade in her own name and dispose of her property by will or deed.

It is now ordered that notice of said action be published in the Interior Journal, a newspaper published in Stanford, Ky., for ten days.

Given under my hand this 17th day of March, 1892.

MRS. R. E. BARROW will permit any person to fish in her pond who will behave and not trespass on her property, until the 1st of May.

ONE member of our firm is still in the cities buying goods. Many have already arrived. We will have a stock second to none in Central Kentucky. Severance & Son.

COL. W. H. DUDDERAR says the street car and water works talk have helped things at Rowland, where he has sold three lots to Ben Martin, John Payne and Mr. O'Dear, respectively, for \$800.

J. B. PAXTON, administrator of B. Van Arsdale, has sold his late residence, advertised in this paper, to John P. Jones, for \$1,700. Mrs. Sallie Van Arsdale disposing of her life interest for \$725.

THE Danville Advocate says of one of our advertisers: A. E. Gibbons has made an improving change in the interior of his store-room, moving the office back to the rear and giving room to show paper, etc. The outside of the building has been painted pure white.

THE Metropolitan National Bank, of Kansas City, Mo., Mr. R. W. Hocker, president, declared its usual quarterly dividend of 1 1/2 per cent. and its stock holders here are smiling over the receipt of checks to cover it. The bank has a capital stock of \$750,000, \$1,585,521.05 loans and discounts, \$14,819.23 surplus and deposits \$2,157,010.83.

THE Cincinnati Enquirer of Saturday had an item from Walton, Ky., saying that a woman giving her name as Lonia Hoffman and claiming that she had rich parents in Lancaster, got off the train there Friday evening and while being taken to a hotel gave birth to a baby in the buggy. She said she was in search of her husband, who left her three weeks ago to buy a farm in Boone county.

MR. R. S. LYTLE, who was recently hurt by the C. & S. cars at Somerset, has secured \$725 damages from the Q. & C. company, besides receiving \$25 a week for nearly three weeks from the U. S. Accident Insurance Co., in which he held a policy. As the J. M. Robinson Co. did not dock Mr. Lytle for loss of time, he comes out considerably the gainer, though the accident caused him great suffering.

SEVERAL THINGS since Christmas the store of Misses Naomi and Belle Jones, at Mt. Salem, has been robbed, but the identity of the thief remained a mystery till Thursday night, when the clerk, Dave Riffe, caught a negro named Jas. Cloyd dead to rights. He heard him removing the window and allowed him to get in before he ordered him to halt, which he did very quickly, although armed with a 32-calibre pistol.

CLOSE CALL.—While Mrs. Woody Hale was at church Friday night, Little Ed Hale was taken with the tooth ache and rumaging around in the press, found some chloroform, which he took. When Mrs. Hale returned, she found him apparently dead, and dispatching John for Dr. Peyton, she began to apply such remedies as she could in her excited condition. The doctor soon arrived and after several hours' hard work, the little fellow was restored to consciousness. It was a very close call and Ed will hardly try that kind of business again.

TAX THE DOG.—Referring to our demand for a bologna sausage factory or a dog tax here, the Richmond Register tells how dogs are regulated in that well-managed city. It says: "If a dog is found on the street without a tax-paid collar around his neck he is instantly killed. The tax is \$1 per head, and it is the only way to prevent hydrophobia and keep the dogs from multiplying and filling the whole earth." Exactly. We hope the new council will have the courage to pass such a law for Stanford. The keeping of a dog is not a necessity, and those who persist in it, with no other apparent object than to worry their neighbors, ought to pay for it.

THE Crab Orchard Springs Company has disposed of that property to Syfers, McBride & Webster, of Indianapolis, for an alleged consideration of \$100,000. The firm owns the right in Kentucky for the treatment of inebriates with the Keeley bi-chloride of gold cure, and it will turn the famous summer resort into a mammoth sanitarium. There is no doubt about its being the best location in the State for it, but the thousands of people who have for years spent either the season or a few days at Crab Orchard, will experience deep regret and sadness that it will be changed to other uses. The new company will open up on the 1st prox. It is said that three physicians from the Illinois cure will administer the treatment.

DEPUTY SHERIFF TOM WALKER placed in jail here yesterday Martin Baker, colored, charged with burning the cabin of George Lewis, some months ago.

CAPT. JIM DOUGLAS was fined \$1 at Pittsburg for swearing at a fellow named Thompson, who refused to get off his train, which was not allowed to carry passengers. This seems to be pretty tough.

THE news comes from Louisville that Mrs. Thomas H. Saunders presented her husband with a girl last week, who has been named Jennie May Lucille. Mrs. Saunders was Miss Bessie Harris, daughter of Lawyer H. T. Harris.

WE have had more wind since April came in than during all of March. The weather otherwise has been pleasant, though, and vegetation is humping itself. The peach trees are blooming and the buds generally are alive.

THE State Board of Equalization notifies Judge Varnon that it did not raise Lincoln county's assessment a cent. Boyle got a reduction of 20 per cent. on land and 15 on lots and received the credit of being the highest assessed county in the State.

A NEGRO named Ed Buster, while drunk Saturday held up his hand and saying to his companions, "See me put a hole thro' that," fired. The ball went in the hand between the third and fourth fingers and unfortunately passed out without breaking a bone or hurting him much.

SATURDAY evening a couple of Main street merchants broke planks over each other's heads and yesterday another drew a hatchet on a liveryman, which, however, he failed to use. They are getting to be a ferocious set and we fear that rocks will have to be tied to their coat tails.

THE story telegraphed from Crab Orchard that much sympathy was aroused in Lincoln over the treatment of Editor Moore at Paris, is without foundation in fact so far as we can learn. A very few of his way of thinking may sympathize with him, but the rest of the people who think or know anything about it are utterly indifferent, except in a general way to want all offenders punished.

THE Paris Kentuckian very truly says: "The arrest and prosecution of Moore is not on account of his prohibition views. Most of the men who are against him here are temperance men. It is a fight against the publication of slanderous articles on christian people, and when the temperance fanatics attempt to set their cause up against christianity, morality and common decency, they will lose the respect and confidence of all good people."

DURING the recent heavy snow a fine looking fellow giving his name as Kingman and claiming to represent Denunzio, the Louisville fruit dealer, drove from Danville to this place in a two-horse sleigh and "agonized" considerably. He took orders from several of the merchants here and mailing them signed the names of the gentlemen who wanted the goods. The goods came up all right and on the same day the "slick duck" also showed up. He visited Farris & Hardin, R. Zimmer, McKinney Bros., and A. A. Warren and stated that he could save them the trouble of sending in a check by paying him then and there. They did so and now they regret that they did. Mr. Zimmer seemed to be the easiest victim and he was requested by Kingman to identify him at the bank, where he had the checks cashed, also one of Gilcher & Bro., of Danville. Saturday a second bill came to the various gentlemen who had bought of Kingman and an accredited representative came also. This gentleman states that Kingman had no earthly connection with Denunzio and that he was now in search of him. Our merchants here state that they will not pay their bills again and a law suit or two will likely follow.

THE election for city judge Saturday resulted in a big victory for the present incumbent, who has held that or a similar office for more than a quarter of a century. Judge W. R. Carson received 128 votes Thomas A. Rice 11 and L. M. Lasley 4. In justice to his competitors, however, it must be said that they withdrew early in the action, leaving the old judge a clear track. There was not much of a contest for councilmen, the old board being re-elected, with the exception of two, who resigned some time since. The vote was as follows, the first seven being chosen to the council for the ensuing two years: Dr. J. F. Peyton, 139; I. M. Bruce, 128; D. W. Vandever, 128; A. A. McKinney, 112; J. W. Hayden, 91; Col. W. G. Welch, 129; Dr. S. G. Hocker, 78; Dr. J. G. Carpenter, 70; A. R. Penny, 33; J. S. Hughes, 31; J. J. McRoberts, 31; J. M. Hall, 33; Wm. Daugherty, 23; H. C. Farris, 10 and Pete Hampton 1. Several of the men voted for declared beforehand that they would not serve, if elected, but their friends persisted in voting for them. According to the rule that has prevailed heretofore, Dr. J. F. Peyton will be mayor, he having received the largest vote, but that of course is with the council, which will likely re-elect Mr. Vandever. It will be observed that the board is composed of men, every one of whom lives east of depot street, leaving the West End of the town unrepresented, but that oughtn't to make any difference with those having the interest of the whole town at heart.

FARM AND TRADE ITEMS.

—W. H. Murphy sold to J. K. Baughman a 3-year-old Silver King for \$240.

—Col. T. P. Hill & Son sold to C. C. Brown, of Tennessee, 20 yearling mules at about \$60.

—W. J. Huffman, of Hubble, sold to Funk, Anderson & Co. 60 barrels of corn at \$2.20.—Advocate.

—J. M. Carter, Jr., has had his fine stallion, Wedgewood, registered under two rules. His number is 436.

—There will be a horse show at Shelby City next Saturday afternoon, 9th, when some splendid stallions will be on exhibition.

—J. J. Chapman has engaged between 7,000 and 8,000 lambs in Woodford and adjoining counties, at 5 to 5.50 for June delivery and 4.75 for July.

—A. H. Moore, of the Cloverdale Stock Farm, near Philadelphia, has bought Director, 247, sire of Direct, 206, for an alleged consideration of \$75,000.

—The Harrodsburg Democrat says that John and Merritt Saltee have two mares left at their house by Morgan's men that are now 35 years old. They have to be fed on bran.

—Next Monday will be horse show day at Stanford and from all we can hear they will be here from the East and the West and the North and the South. It will be worth coming miles to see.

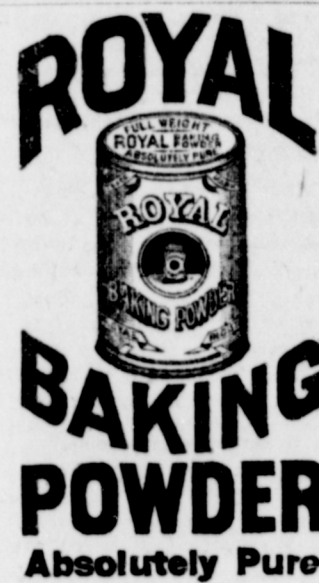

—Secretary Tipton has received 928 entries to the Kentucky \$25,000 Futurity that closed March 15. William Russell Allen entered 40 mares, a larger number than was named by any other breeder.

—The Bardonia Fair Company is trying herself this year. They are improving their track, adding to their grand stand and building more stables. They hang up ten trotting and pacing purses of \$400 each, 4 per cent. to nominate and start and 4 per cent. additional deducted from each of the three monies. The stakes are liberal and entrance fees small. Stakes close May 2. For entry blanks write to Ben Johnson, Secretary, Bardonia.

—Hambletonian still leads as a sire of dams of standard performers. His daughters have produced 73 trotters and one pacer, which makes a total of 74. Mambrino Patchen is second as a sire of dams, his daughters having produced 56 trotters and six pacers. Almont, 33, comes third. His daughters produced 43 trotters and three pacers. American Star mares produced 45; George Wilkes mares produced 42 and Blue Bull sired the dams of 41 standard performers.

—The family of the Rev. Strother Cook, of Harrodsburg, who has been a missionary in Africa for several years, fear that he has died at sea or been shipwrecked. It has been learned that he sailed for home, ill of black fever in February, and nothing has been heard of him since.

CHURCH AFFAIRS.

The members of the Cynthiana Baptist church have let the contract for the erection of a \$10,000 building.
Rev. W. A. Broadhurst, pastor of the Midway Christian church, died Friday. Mrs. A. C. Hopkins, his sister, was with him in his last moments.

Rev. Lapsley McKee will preach at the Methodist church next Sunday morning at 11 and in the afternoon at 3, the latter for the special benefit of the children, all of whom are invited.

The largest heathen temple in the world is Springham, and it comprises a square, each side being one mile in length, inside of which are six other squares. The walls are 25 feet high and five feet thick, and the hall where pilgrims congregate is supported by 1,000 pillars, each cut from a single block of stone.

According to the Baptist Year Book there were 487 deaths among preachers last year; there were 47 received from other denominations; there are 21 orphanages and charitable institutions, 157 colleges and universities, 1,453 associations, 23,800 preachers, 35,890 churches, 169,247 baptisms during the year and 3,269,806 members. Of Sunday-schools there are 18,829, with 136,053 officers and teachers and 1,307,628 students.

A romance in real life has just been reported to the Eastern papers from Christmasville, a small town in West Tennessee. The story goes that James Cook wooed and won the affections of Miss Lula Carter, but shortly afterwards he left for the West to make his fortune before consummating his nuptial vows. His pretty promised wife vowed constancy, and Jim was as happy as a king the morning he departed on his long journey. Alas! for the uncertainty of this life. Shortly after the chosen suitor took his departure, a gay Lothario named Tip Simmons laid siege to the pledged heart. Finding that his game of love making would not win, Simmons intercepted the letters from the girl's sweetheart and soon succeeded in estranging the lovers, and in a few days thereafter got the girl's consent and they were quietly married. Finding life miserable without his fair enslaver or some word from her, Cook returned to his old home, arriving the next day after his promised bride's marriage to the shrewd scoundrel, Simmons. Not in the least abashed by this announcement, Cook went to the newly made wife and explained all to her, and she now announces that she will accompany her real lover to the West, marital ties or no marital ties. - Owensboro Inquirer.

It is much easier to start an evil report than to stop it. Even after a rumor has been proven false, the harm it has done cannot always be undone. Before repeating a bit of gossip, it would be well to ask ourselves these questions: First, "Is it true?" Second, "Is it kind?" Third, "Is it necessary?" This practice would be sure to save us from many bitter monies and regrets.

The pious Philip of Neri was once visited by a lady who accused herself of slander. He bade her go to the market, buy a chicken just killed and still covered with feathers and walk a certain distance, plucking the bird as she went. The woman did as she was directed and returned, anxious to know the meaning of the injunction.

"Retrace your steps," said Philip, "and gather up one by one all the feathers you have scattered."
"I cast the feathers carelessly away," said the woman, "and the wind carried them in all directions."
"Well, my child," replied Philip, "so it is with slander; like the feathers which the wind has scattered, they have been wafted in many directions. Call them back now, if you can. Go sin no more."

Dr. Harcourt, of the Grace Methodist church, Baltimore, in a sermon last Sunday proved to his own satisfaction at least that Adam was no gentleman, because he tried to excuse his own sin by hiding behind a woman. And this reminds us that that same ungentlemanly instinct of Adam has been handed down pretty well. Rev. T. A. Della, who is on trial before his church in Maryland, for seduction, swore that the woman made the first advances on her return home the same night she got religion by throwing her arms around his neck and kissing him again and again, and followed it up by going to his room that night over his protests, and getting in bed with him. Which story would hardly do to tell to the marines, certainly not to ordinary, every day church deacons.

Land-Seekers.

It will be of interest to those contemplating settling in the Northwest, to know that the choice farming and timber lands in Wisconsin are tributary to the Wisconsin Central Lines. Settlers on these lines have the advantages of healthy climate, good market facilities, abundance of fuel and building material, pure and sparkling drinking water and other important benefits which can not be enjoyed on the prairies of the West. No draughts, no cyclones, no grasshopper plague and no fever and ague. Now is the time to select choice lands in the Northwest. Wisconsin is considered one of the most prosperous States in the Union. Located directly on the Wisconsin Central Lines in this State are the thriving cities of Burlington, Wausau, Fond du Lac, Oshkosh, Neenah, Menasha, Waupaca, Stevens Point, Marshfield, Chippewa Falls, Kau Claire, New Richmond and Ashland.

Now Try This.
It will cost you nothing and will surely do you good. Have a cough, cold or any trouble with throat, chest or lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at A. R. Penny's drug store. Large size 50 cents and \$1.

Specimen Cases.
S. H. Clifford, New Cassell, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is sound and well. John Speaker, Canton, Ohio, had five large fever sores on his leg, doctors said it was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at A. R. Penny's drug store.

For years the editor of the Burlington Junction, Mo., Post has been subject to cramp colic or its kindred, which prostrated him for hours and rendered him unfit for business for two or three days. For the past year he has been using Chamberlain's Colic, Cholera and Diarrhoea Remedy whenever occasion required and it has invariably given him prompt relief. 25 and 50 cent bottles for sale by Dr. M. FOR SALE.

232 Acres of Splendid Blue-Grass Land,
Desirably located on turnpike road leading from Stanford to Milledgeville, Lincoln County, Ky., 4 miles from Stanford, 4 miles from Hustonville, in Danville, 4 miles from Junction City and within 15 miles of Moreland, a station on the C. & O. R. R. The Farm has open it an elegant and spacious two-story brick residence, (tin roof) all necessary outbuildings and an abundance of fruit trees of nearly every variety. Much of the land is virgin soil, well timbered, about 150 acres watered and almost all well set in Blue-Grass—in short, a No. 1 farm in every respect.
For sale, also, 25 Mules 2 years old, next Spring.

"LOCUST GROVE"
STOCK FARM
FOR SALE.

The finest Farm and richest soil in Lincoln County, comprising 450 acres of Blue-Grass Land, situated within two miles of Stanford, the county seat of Lincoln. Fronted by the Shelby City turnpike and accessible to the Stanford and Danville turnpike. This is one of the best Stock Farms in the Blue-Grass region and is in a high state of cultivation. Abundance of water for stock purposes. Soil is fertile and is suitable for the growing of hemp, tobacco, corn and wheat. The land is so located so that it can be divided and two or three Farms made. The improvements are a large and commodious dwelling, a convenient stock barn, &c., the best of fruit of all kinds, etc. For information, apply to
J. D. JONES, Stanford,
O. V. RILEY, Pineville.

H. T. BUSH,
REAL ESTATE AGENT
Stanford, Ky.

I have quite a number of FARMS for sale of the very best Blue-Grass Lands in Lincoln county. These Farms are all well improved and good rich lands, running in size from 20 to 400 Acres. Considering their locality, their richness and fertility of soil, the convenience of turnpikes and railroads that bring markets right to our door, they are cheaper than the lands of any other county in the State. There is scarcely a Farm in the county or over 5 miles from a depot.

The county is checked with turnpikes running in every direction. There is not a public road entering the county seat that is not Macadamized. We have the Knoxville Branch of the L. & N. R. R. dividing the county from Rowland to West and the C. & O. R. R. from North to South; the K. C. & O. R. R. from this place to Cincinnati, crossing the C. & O. R. R. at Winchester, giving full access to the markets of the whole world. Besides, we have three large Flour Mills in the county that give us a market for all our grain right at home; and the development of the mountain regions of Eastern Kentucky by South-eastern Kentucky by railroads and the outlet South by railroads has created such a demand for all kinds of cereals and provisions that we can retain enough for home consumption and export the whole world. The people are prosperous, generous and kind, believing in Christianity and education. There is not a neighborhood in the county but has a good church and school-house.

Stanford, the county seat of Lincoln, is a prosperous little city of about 2,500 inhabitants and is the great gateway from the North and North-east South and from the Northwest to Southeastern Kentucky back up by the whole River valley region of the State with railroads running through it to all points of the compass, makes it naturally one of the best located towns in the South for manufactures and other enterprises of modern times. Water Works are now being agitated and right about the town about three-fourths of a mile there could be erected Water Works which would supply a city of 50,000 inhabitants with the purest and best water in the world. Our little city has been newly rebuilt in the last few years and its business houses and residences will compare with larger cities of greater pretensions. Our merchants and tradesmen are all prosperous and doing well. We have two banks with a capital stock of \$500,000 each, prosperous and in a good condition.

We have splendid schools. We have a Female College, a large brick building, with over 100 pupils in attendance and under the principalship of Prof. J. M. Hubbard, is in a flourishing condition. We also have a Seminary that is a good school, with Prof. B. F. Bakenan at its head. We have one of the best Public School buildings in this section of the State, with over 100 pupils in attendance, and with other good private schools, you see our school facilities are excellent.

We have elegant churches and buildings, representing every denomination, with a full corps of ministers of various classes taking and doing a better business than any class of men in the city.

I have tried to make this statement as facts, without exaggeration or coloring, as I want to buy pleasant homes at fair prices and locate among good people with all the best surroundings, would do well to call and see me before purchasing elsewhere.

FIRST NATIONAL BANK
OF STANFORD, KY.

Capital Stock \$200,000
Surplus 18,500

Attention of the public is invited to the fact that this is the only National Bank in Stanford. Under the provisions of the National Bank Act depositors are secured not only by the capital stock, but by the stockholders' liability for an amount equal to the stock, so that depositors of this institution are secured by a fund of \$200,000. Five sworn statements of the condition of the bank are made each year to the United States government and its assets are examined at stated times by government agents, thus securing additional and perfect safety to depositors.

This institution, originally established as the Deposit Bank of Stanford in 1858, then re-organized as the National Bank of Stanford in 1863 and again re-organized as the First National Bank of Stanford in 1880, has had practically an uninterrupted existence of 35 years. It is better supplied now with facilities for transacting business promptly and liberally than ever before in its long and honorable career. Accounts of corporations, individuals, firms and individuals respectfully solicited.

The Directory of this Bank is composed of
